

Hot Springs Village Quarterly Real Estate Update through September 2021

Description

This report is designed to basically cover the last five years.

However, the current year will still be compared to the previous year's data through the current reporting period. Information provided comes directly from the MLS (Cooperative Arkansas Realtors MLS – CARMLS) and contains only information from within the Village boundaries.

Other sources may be providing their statistics based on zip code and most of them also contain lot and townhome information, which this report breaks out as their own categories.

It is also worthy to note these numbers are provided 2 days after the month has closed which may result in differences down the road due to data not having been updated by the Realtor community.
