Only one question

Of all of the questions I have about the management of Hot Springs Village, in the final analysis, there is only one question that stands out above all others. I would like the POA Board to answer this ... without a word salad of hemming and hawing ... just the basic facts!

“If you knew we needed [Cooper’s \(CCI\) permission to build out the development areas of the CMP ...](#)

HSVPOA Cart before the horse

...why did you not secure his permission BEFORE you spent \$500,000?

This question stands at the center of the POA’s competence for strategic planning.

Please answer the above question.

The CMP Advisory Committee, improving resident equity, the [CMP is a living/breathing document](#) and the other diversionary responses are all secondary to this basic question.

POA Board ... POA Management ... Crafton Tull ... DPZ ... CMP Steering Committee ... manager of the charrettes ... all who were involved ...

What is your answer?

I believe the HSV property owners deserve a straight answer!
