### All Saline County Residents:

The latest numbers as of last night [March 31, 2020] for Saline County which are 11 confirmed positives which are 3 up from the day before. There are 18 persons under investigation. Attached is a two-page flyer from the Arkansas Department of Health that is very informational and provides some good answers to frequently asked questions about [COVID-19](#). We are sending this out to all County Employees as well as pushing out on social media to the public. I encourage each of you to do the same in your communities.

Please keep preaching, teaching and encouraging the public to practice social distancing. Data coming in from all over that it really does make a difference. Please reach out to me if I or my office can be of service to any of you.

Stay Safe and remember no more than 10, stay 6 feet away and wash your hands!
