

## Village Homes & Land Survey

### Description

#### [Click here to take survey](#)

In an attempt to give Hot Springs Villagers a voice, we are trying something new (to us). Below is a survey regarding Village Homes and Land. You are required to give us your email address, but you have our promise that we will never share your information, or how you answered the survey with anyone else. This is being done to make sure that people do not take the survey multiple times. It is a confidential survey.

Hot Springs Village People feel that the establishment of Village Homes and Land has created another division in the community and we wanted to know how our neighbors feel about this.

We welcome comments in the comment section below regarding your thoughts on Village Homes and Land. We want to hear them all – good, bad, and every shade of gray. The comments are not part of the survey. The comments can be made on this website, down below this article.

You are also encouraged to share the link to this article with your neighbors via email, so they may also respond. Thank you for your assistance in helping to make Hot Springs Village better.
